- All applicants are expected to show us a portfolio of creative work which helps us to assess their creative and visual thinking. You normally bring the portfolio to your interview. If you are applying from another country and unable to travel to interview in the UK send us a PDF version of your portfolio or a link to your online folio.
- Your portfolio should contain examples of design work and any other creative work which may be relevant to your application. We will be looking for evidence of professional knowledge and skills, good written and visual communication and, especially, good creative thinking evident through examples showing your design process.
- All work in the portfolio should have clear descriptive text saying what the images show, what was the project brief/context for the work and what were the main points you aimed to address in the work. You should also indicate when and in what circumstances the work was done for example BA, professional practice etc. Your portfolio may be reviewed in your absence so make sure your text and images tell us the project stories so we can clearly understand it.
- We are interested to see examples of the development process that went into your work, as well as the final outcome, we will also be looking at the level of organisation and communication skill which went into preparation of the portfolio.

**申请材料：**两封推荐信+成绩单+学位证明+英文成绩+个人陈述+作品集+简历

**作品集：**

- Applicants with a degree and/or work experience in a design related discipline/profession should send us examples of their work in this field: 3-5 projects that demonstrate critical engagement with a subject and skill in interpreting it in drawings and models.
- Other applicants may send us any previous visual/creative/landscape work they have done e.g. Art/design work done at school; craft/hobby outputs; photographs of garden/planting design. They should also send us some landscape drawings/images (not photographs). We suggest roughly 6 pieces of work. We recommend that you draw a landscape that evokes a strong response in you or that you are interested in. The emphasis should be on conveying the characteristics and qualities of this landscape as vividly and clearly as possible. You may use any media (pencil, charcoal, watercolour etc). We are not looking for technical competence at this stage but rather a commitment to expressing your ideas about landscape in a visual format. You may use a combination of words and text (restricted to 150 words).
- Portfolios must be submitted digitally as a single pdf or a powerpoint file. They should be no more than 20 pages in length and 25 MB in size. We currently don't accept portfolios sent by weblinks, so please upload your portfolio directly to your online application. Please ensure that your name appears in both the file name and in the portfolio itself.

Please provide a maximum of **20** images of your work, and if you have not already done so, a 300 word personal statement which should support your application for your chosen course at Kingston University. The personal statement, if required, should be the final page of your portfolio. The preferred format used to present your portfolio is either a single PDF document/PowerPoint presentation file under 50MB or a Flickr / Vimeo link. Please put the link to your portfolio in a Word document and upload it. Your compressed file must be under 50MB.

Further guidance on how to compress and upload your portfolio to your OSIS account will be sent to you by email from the Admissions Team once an application is received. Please carefully select and edit your work to produce an exciting, creative and representative portfolio which informs us about your skills, interests and ambitions.

Your portfolio should include a:

- selection of your student work (if relevant)
- selection of your professional work (if relevant)
- examples of preparatory creative work (for example, images from your sketchbooks).
