➢ A digital portfolio of 10 x A4 landscape PDFs that display digital files, scans and/or photographs of original design work done by the applicant, including a brief appraisal of the strengths and weaknesses in each design. Portfolios must show that the final design outcomes are the product of a rich and sustained process of prototyping and refinement, from initial concepts, through different rough iterations, to more refined design outcomes. Portfolios are judged on the students' capacity to conceive and deliver original design outcomes through a rigorous and expansive approach to design process
